COMMUNICATIONS

November 1, 1989

Attached is the Agricultural Loan Program Report for the first half of calendar year 1989. The report includes information on the Credit Relief Outreach Program (CROP) and the Drought Assistance Loan Program from January 1 through June 30, 1989. This report complies with the provisions of s. 234.90(10) and 234.905(9), Wisconsin Statutes.

In addition, this report provides the following information: the status of CROP loans made in previous years (which includes the adjusted default rates), current monthly data for both CROP and the Drought Assistance Program on the number of loans made, the dollar amount of loans guaranteed, and the number of lenders participating in the program.

Sincerely,
RICHARD LONGBAUGH
Executive Director

Thomas T. Melvin
Assembly Chief Clerk
Room 8 West, State Capitol
Madison, WI 53702

Dear Mr. Melvin:

Pursuant to the requirements of section 153.10(1), Wis. Stats., I am pleased to submit to the Assembly this first quarterly *Health Care Data Report*. Although the initial report was not required until 1990, we have elected to publish the data based on hospital inpatient discharges reported to the Office of Health Care Information by all operating general medical-surgical and specialty hospitals in Wisconsin for the first quarter of 1989 (*January - March 1989*).

This report fulfills the statutory requirement to report "in a manner that permits comparisons among hospitals ...

JOURNAL OF THE ASSEMBLY [November 22, 1989]

the charges for up to 100 health care services of diagnostic-related groups selected by the office". The report goes beyond the statutory requirements by presenting several analyses of the Wisconsin hospital picture by distributions of patient discharges based on age, sex, source of hospital reimbursement and length of stay. The average charges per patient discharged by diagnostic-related groups are also compared by health service area and by hospital volume group. In accordance with section 153.05 (11), Wis. Stats., the Office will be conducting public hearings on this report on November 30, 1989 in Appleton, December 1, 1989 in Eau Claire, and December 4, 1989 in Madison.

I wish to express my sincere appreciation to all Wisconsin hospitals who extended cooperation to the Office in this very difficult initial reporting process. My special appreciation is reserved for the Office staff and the Hospital Data Systems Unit of the Center for Health Statistics, who collected the data and drafted this report.

Printed copies of this report are available from the Office. Please contact our office should you, any members of the Assembly of staff have any questions. Our office stands ready to assist in any way possible.

Sincerely,
DAVID L.F. DUAX
Director
Office of Health Care Information
